All New SMARTECH Engine

Engine Specifications (Petrol)

Volume (Ltr)	1.0L
Max. Power (PS)/RPM	63/5400
Max. Torque (Nm)/RPM	90.3/4200
Fuel Economy (kmpl)*	18.0

Engine Specifications (LPG)

Volume (Ltr)	1.0L
Max. Power (PS)/RPM	61/5350
Max. Torque (Nm)/RPM	90.3/4200
Fuel Economy (kmpl)*	13.2

* ARAI Rating

- 4-Cylinder, 8-Valve SOHC 995 CC Engine
- Power of 63 PS & Torque of 90 Nm
- Excellent Power to Weight Ratio of 74
- High Fuel Economy of 18.0Kmpl

- The advanced SMARTECH engine maximizes power and torque at lower speeds, making the Spark ideal to commute in congested city traffic as well as on highways.
- It is a Smart Technology Engine optimized with many new age innovations like Sequential MPFI, Dual Distribution Less Ignition System (DDLI), Motorized Throttle Intake System (MTIS) and Advanced Optical Sensor.
- As a result, the engine operation is smooth, noiseless, fuel efficient, powerful, reliable and maintenance free.

X-Pro Safety

Rear Defogger

Spark employs rear defogger in its select variants which keeps the rear wind screen clear in case of foggy weather

Sequential MPFI

Facilitates right amount of fuel injection at right time, offers better combustion, which results in higher fuel economy and better performance

Motorised Throttle Intake (MTI) System

Instead of regular intake air controller valves Spark comes with motorized throttle intake system that helps to stabilize engine RPM, and offers high power with reduced emission

Dual Coil Distributor Less Ignition (DDLI)

Spark hosts an advanced Dual Coil Distributor Less Ignition system that provides reliable start

Non-Jamming doors

Spark features non-jamming doors that not only enhance passenger safety but also ensure easy evacuation in case of an impact

14 Impact Safety Beams

Spark is fitted with 14 impact safety beams (Including Side Impact Beam) to reduce risk of injury by intrusion of objects in the event of a side collision

Hexagonal Longi-Frame

Front and rear bumpers of Spark have a Hexagonal Longi-Frame behind them that absorbs the impact and provides extra safety to the passenger as well as the car
